NEED TO ROLL OVER A 529 ACCOUNT TO BLOOMWELL?

FOR 2024 TAX BENEFITS, START THE PROCESS BEFORE DECEMBER

Simplify your savings by consolidating 529 accounts. When you roll over out-of-state 529 accounts to Bloomwell, you receive the benefits Bloomwell has to offer when saving for higher education, including quality investment options. Nebraska account owners could be eligible for 2024 tax benefits, including a state income tax deduction of up to \$10,000^{1,2}. Make sure to start this process as early as possible, so it's completed by the December 31 tax deadline. Rollovers can take several weeks, so it's important to plan ahead. Review the various considerations with your tax and financial advisor, including any potential recapture of tax deductions received from the original state, as well as whether any penalties or charges may apply.

MAXIMIZE YOUR SAVINGS: DON'T MISS OUT ON YEAR-END TAX BENEFITS.

As we approach the end of the year, don't forget that if you want to make the most of your loved one's Bloomwell 529 account, **your 2024 contributions need to be made by the December 31 deadline**. By doing so, you'll be able to take full advantage of potential tax benefits associated with contributions you've made throughout the year.

Remember, you won't have to pay state or federal taxes on the money your investment earns while it remains in the Plan. When it's time for your loved ones to pursue higher education, you can withdraw those funds tax-free, as long as they're used for qualified higher education expenses like tuition and supplies.³

An investor should consider the investment objectives, risks, and charges and expenses associated with municipal fund securities before investing. This and other important information is contained in the fund prospectuses and the Bloomwell 529 Education Savings Plan Program Disclosure Statement (issuer's official statement), which can be obtained at Bloomwell529.com and should be read carefully before investing. You can lose money by investing in an Investment Option. Each of the Investment Options involves investment risks, which are described in the Program Disclosure Statement.

An investor should consider, before investing, whether the investor's or beneficiary's home state offers any state tax or other state benefits such as financial aid, scholarship funds, and protection from creditors that are only available for investments in such state's 529 plan. Investors should consult their tax advisor, attorney, and/or other advisor regarding their specific legal, investment, or tax situation.

The Bloomwell 529 Education Savings Plan (the "Plan") is sponsored by the State of Nebraska, administered by the Nebraska State Treasurer, and the Nebraska Investment Council provides investment oversight. Union Bank and Trust Company serves as Program Manager for the Plan. The Plan offers a series of Investment Options within the Nebraska Educational Savings Plan Trust (the "Trust"), which offers other Investment Options not affiliated with the Plan. The Plan is intended to operate as a qualified tuition program.

Except for any investments made by a Plan participant in the Bank Savings Underlying Investment up to the limit provided by Federal Deposit Insurance Corporation ("FDIC") insurance, neither the principal contributed to an account, nor earnings thereon, are guaranteed or insured by the State of Nebraska, the Nebraska State Treasurer, the Nebraska Investment Council, the Trust, the Plan, any other state, any agency or instrumentality thereof, Union Bank and Trust Company, the FDIC, or any other entity. Investment returns are not guaranteed. Account owners in the Plan assume all investment risk, including the potential loss of principal.

¹ Account owners may deduct for Nebraska income tax purposes contributions they make to their own account (and any other accounts they own in the Nebraska Educational Savings Plan Trust) up to an overall maximum of \$10,000 (\$5,000 if married, filing separately). Contributions in excess of \$10,000 cannot be carried over to a future year. For a minor owned or UGMA/UTMA 529 account, the minor is considered the account owner for Nebraska state income tax deduction purposes. The minor must file a Nebraska tax return for the year their contributions are made to be eligible for a tax deduction for their own contributions. In the case of a UGMA/UTMA 529 account, contributions by the parent/guardian listed as the Custodian on the UGMA/UTMA Plan account are also eligible for a Nebraska state tax deduction.

² Rollovers from another qualified tuition program are treated as a non-taxable distribution from the distributing qualified tuition program provided (1) it has been more than 12 months since any previous rollover for the beneficiary, or (2) the beneficiary of the account is changed to a Member of the Family of the current beneficiary.

³ Withdrawals used to pay for qualified higher education expenses are free from federal and Nebraska state income tax. Qualified higher education expenses include tuition, fees, books, supplies, and equipment required for enrollment or attendance; certain room and board expenses incurred by students who are enrolled at least half-time; the purchase of computer or peripheral equipment, computer software, or Internet access and related services, if used primarily by the beneficiary during any of the years the beneficiary is enrolled at an eligible educational institution; certain expenses for special needs services needed by a special needs beneficiary; apprenticeship program expenses; and payment of principal or interest on any qualified education loan of the Beneficiary or a sibling of the Beneficiary (up to an aggregate lifetime limit of \$10,000 per individual). However, earnings on all other types of withdrawals are generally subject to federal and Nebraska state income taxes, and an additional 10% federal tax. Nebraska law does not treat the following Federal Qualified Higher Education Expenses as Nebraska Qualified Expenses: K-12 Tuition Expenses. If a withdrawal is made for such purposes, although it is a Federal Qualified Withdrawal, it will be treated as a Nebraska Non-Qualified Withdrawal and may result in the recapture of a previously claimed Nebraska state income tax deduction, and the earnings portion will be subject to Nebraska state income tax. Please consult your tax professional about your particular situation.
